

K-LOVE is the best radio station on the air. The songs and speakers are uplifting and positive. When I listen to the station, it puts me in a good mood--in fact, if I am driving, I am a better driver when I listen to K-LOVE. There is no other radio station that provides continuous uplifting messages; I need to hear it, and so do children, young people, and adults! Please allow K-LOVE to continue in the format it is in now
